## Entire Stock of High Class

### Gowns

### At Greatly Reduced Prices

Though scarcely two weeks have elapsed since our Grand Opening, the entire collection of superb Gowns, Suits and Wraps displayed then for the first time, will be sold at prices far below their real value.

Most of the garments offered are imported models brought to Omaha for display in our windows and on our floors at the time of our Grand Opening. There are included hundreds of the latest and best creations of Europe's greatest designers.

Necessity for disposal of this unusual collection of garments offers opportunity to secure exquisite Gowns, Suits and Wraps modeled after Paquin, Drecol, Poiret and other equally renowned courtouriers, at prices almost as low as for those of the ordinary kind.

Most women know the superiority of style, quality and workmanship in imported models. Their elegance and durability are equally well known, and manufacturers the world over use Paris models as standards for all of their best work.

The leadership assumed by this great, new Cloak and Suit Department requires that unusual merchandising methods be followed. Instead of waiting till a later date, we will, this early in the season, at a time when high class garments are most wanted, make final disposal of them at great reductions. The opportunity is one that should not be lost. Secure now a distinctive, high-class Gown, Suit or Wrap for the winter functions now being announced.

Orkin Brothers wish to emphasize the fact that the garments shown in this cut are accurate sketches from styles in stock and fairly represent the hundreds of high class Gowns, Suits and Wraps offered at this sale
